New User Onboard Web3

Current Situation

At least 10 steps to get onboard web3

One-stop Shop for Web3

The Future of Web3

1

Web3 projects engage new users

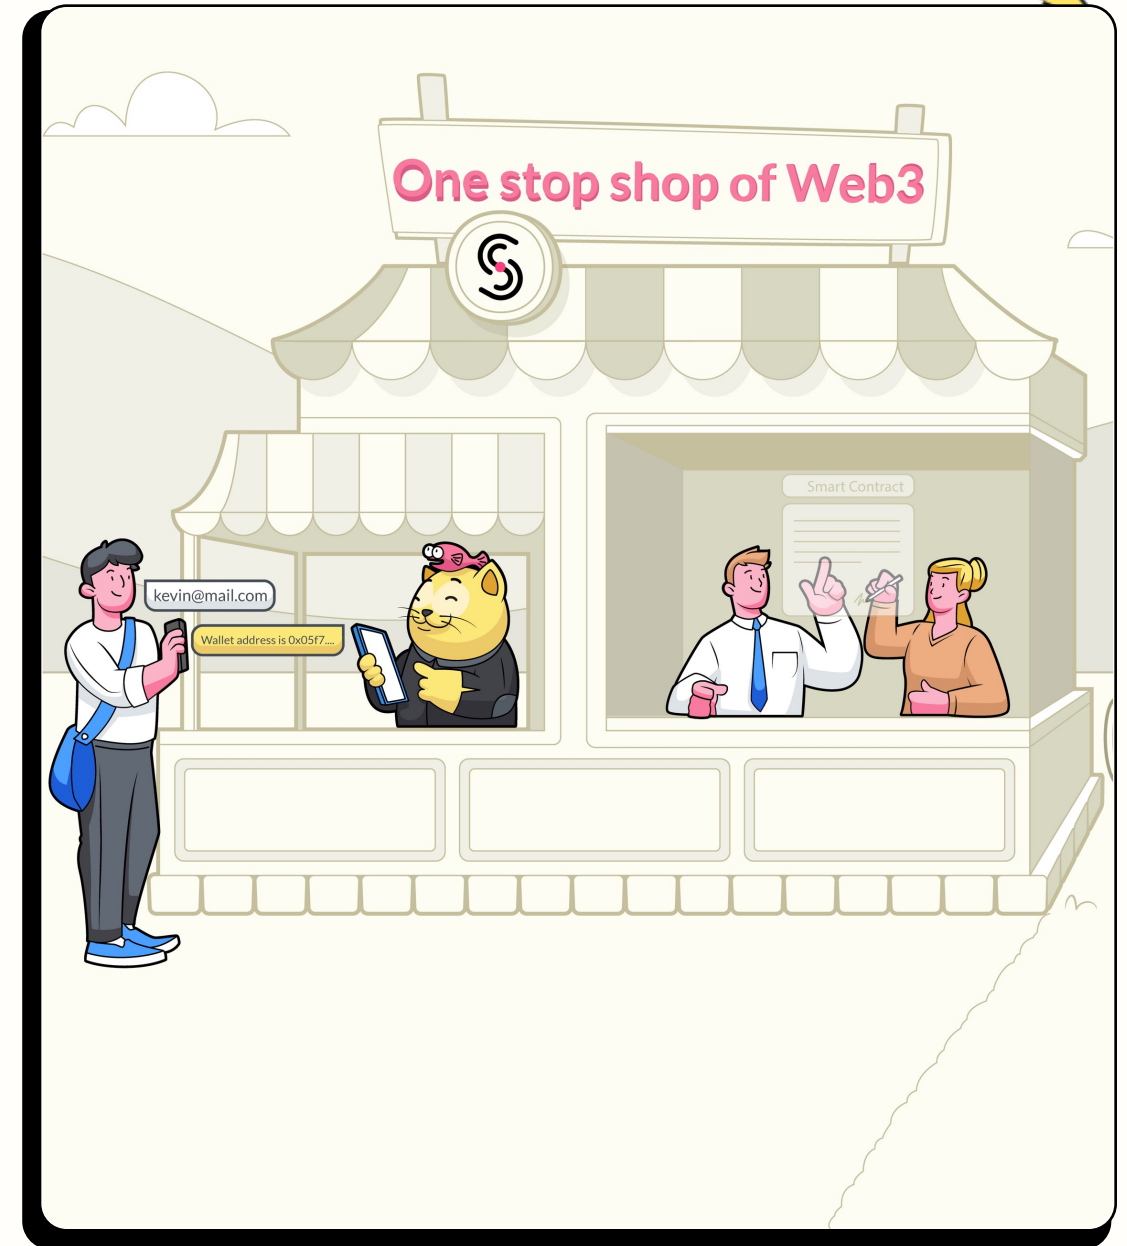

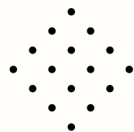

2

Users visit Team Profile on Stamsel

3

Users sign up and participate in Web3 immediately

Stamsel

The Web3 onboarding platform for everyone

Authentication

- Sign-up and login using emails or mobile numbers
- Send and receive digital assets using emails or mobile numbers

Team Profile

- Users can create a team to showcase products and services
- Linktree-like customized features to personalize team profiles for multiple purposes

Campfire

- A place for teams and users to interact and collaborate with each other
- Get involved in topics and share ideas with communities

EOA wallet

- Wallet created for every user
- Wallet used to send and receive digital assets
- Gasless NFT minting

Team wallet

- A team can create a multi-signature wallet just like a cooperate bank account
- Predefine the number of approvals required to confirm a transaction

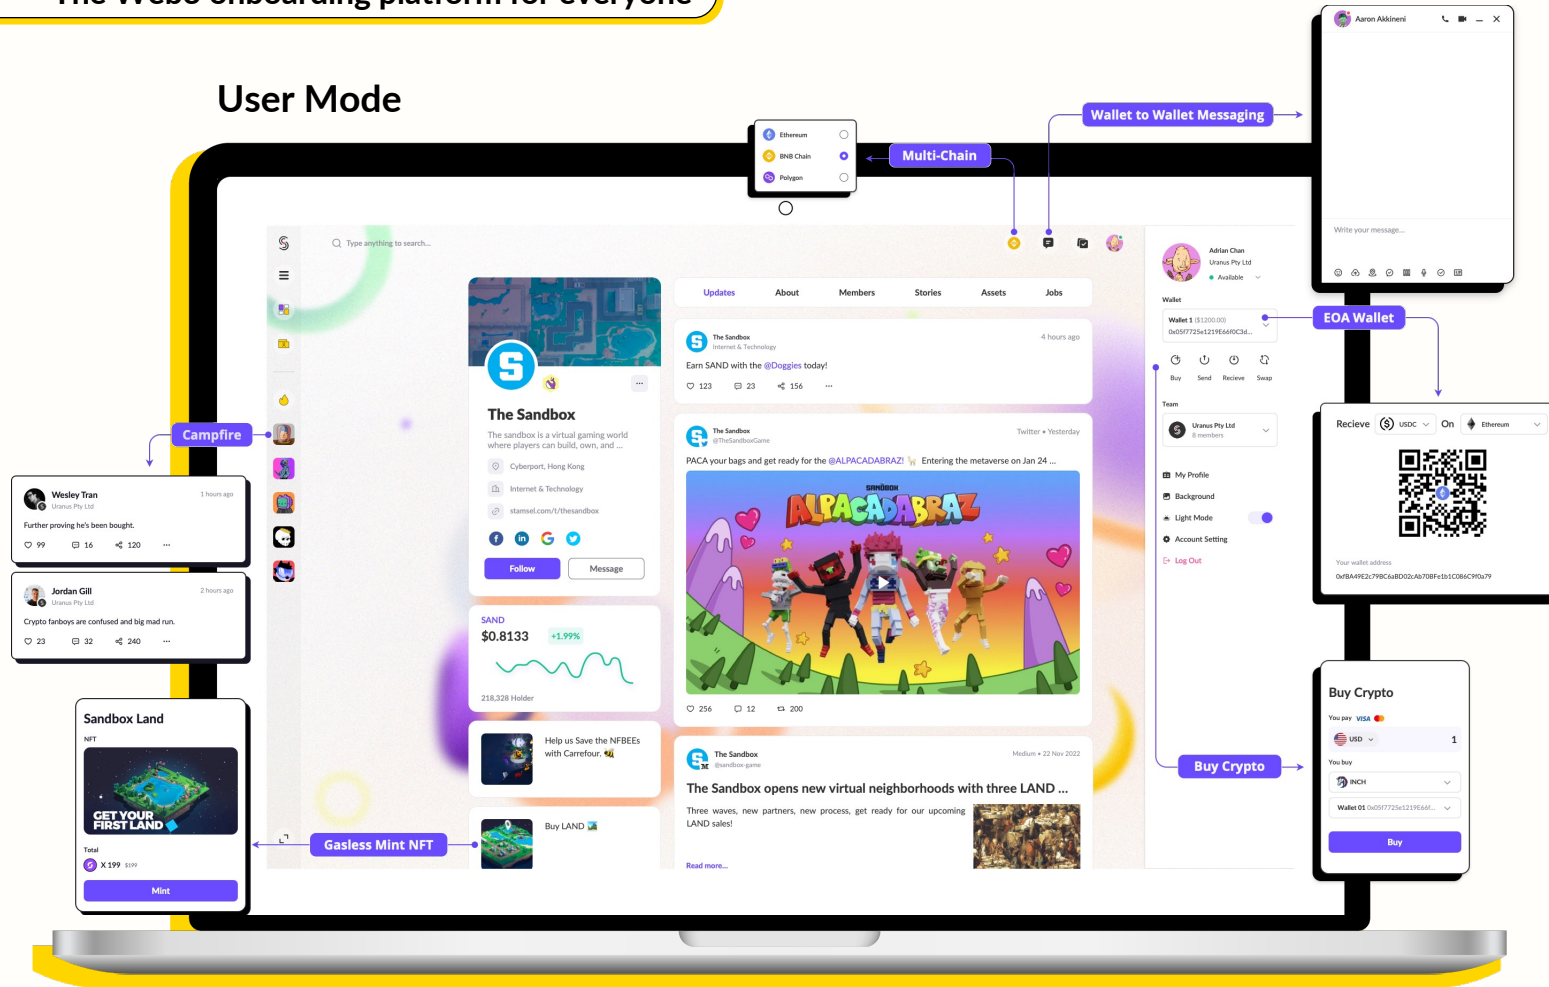

NFT Management

- Create an NFT collection without writing a single line of code
- Gasless deploy NFTs and manage its whitelist
- Create airdrops for NFT owners
